

VisualGA.Net – 2009

Your General Assistance Solution

- General Assistance, Emergency Assistance and Additional Assistance ready (Additional Assistance is considered Food Pantry, Salvation Army, etc. customizable for your township)
- Complete automation of GA life cycle (Notice of Decision, Budget Worksheet, Disbursements, Notice of Change)
- Auto-calculation of Budget Worksheet
- All citations from the manual are built in – you only have to select which one(s) you want to apply to each Notice of Decision/Change and they will print in full on the given form
- Ability to print disbursing orders, vendor payment vouchers, and checks
- A multitude of reports to choose from to break down disbursements by category, vendor, demographics, etc.
- All GA/EA/Community Work Program forms are built-in to the system (Notice of Benefits, Agreement to Repay, etc.) In addition, Job Search Forms can be generated on a monthly basis as well.
- MS Outlook-like scheduling application built-in. Keep track of GA appointments, meetings, or anything you would like to put in the system
- Keep track of Work Program entries such as Workfare and Job Training
- Keep track of Medical items such as Prescriptions, Doctors Appointments, Hospitalizations, and Medical Supplies
- Generate SSI 2199 and subsequent recovery report for state recoupment
- There are currently **30** Townships in the state using our VisualGA.net software including 6 in Cook County
